

KEEP YOUR EMPLOYEES ENGAGED & PRODUCTIVE: EVENT STRATEGY

Presented by Debra Eckerling

**Top Goal-Setting Expert, Award-Winning
Author & Corporate Consultant**

**Are you sending employees to a conference, summit, or training?
Want to make sure your team comes away with information and
actionable items, so *their* time and *your* money are well spent?**

**Most events offer so much information, people don't know what to do with it.
Notes get set aside and all that new information falls through the cracks.
It's a waste of time, money, and energy ... and no one wants that!**

**My goal-strategy workshops help your team prioritize what sessions to attend
and with whom to connect. I also help them create a pre- and post-event
plan that sets them - and your business - up for success!**

HOW IT WORKS

- 1-on-1 discovery call with CEO, CMO, HR Director, or Team Leader to go over their employee's mission: what they want their team to accomplish at the event and bring back to your business. After reviewing your businesses' needs, along with the event content/tracks, I design custom virtual workshops for your team
- Two-hour virtual workshop(s) with attendees to identify their goals and priorities for the event, and make sure they are in alignment with your company. I will also share recommendations for navigating sessions
- Individual strategy; online support for troubleshooting during the event (optional)
- Post-event recap with team leader and their attendees to discuss key takeaways and plan of action
